Upcoming Events

'RITAS & READERS

SEPTEMBER 19, 2022, 2:00PM

We invite you to stop by to have a margarita and learn about the DeNovix instruments available for use at BioLabs Pegasus Park! Representatives from DeNovix and BSI will be on site to demo the products at the facility: the DS-11 Series Spectrophotometer / Fluorometer and the CellDrop™ Automated Cell Counter. Check your email to accept the calendar invite!

BIONTX IC₃ LIFE SCIENCE SUMMIT

SEPTEMBER 22-23, 2022, 8:00AM

The BioNTX iC₃ Life Science Summit is a two-day conference that serves as a forum where industry leaders come together. Here we discuss strategy, exhibit the broad spectrum of bioscience research in North Texas, and where the latest innovation, products and services can be seen. Learn more and register [here](#).

EPMOTION, PERFECT THAT PROTOCOL!

SEPTEMBER 29, 2022, 2:00PM

You will now be able to automate serial dilutions, reagent distribution, sample transfer from tubes to plates, and sample normalization with Eppendorf's epMotion. Join us with a snow cone to learn more about protocol creation. Check your email to accept the calendar invite!

NIKON MICROSCOPY OFFICE HOURS

SEP 26, 2022, 9AM-4PM

Representatives from Nikon will be hosting office hours to learn more about your microscopy needs. BioLabs is excited to continue providing cutting edge equipment to further your science. However, we need your help! Schedule a meeting with the Nikon reps so we can narrow down which microscope BioLabs will purchase next for communal use! Please email psoto@biolabs.io for an appointment.

Office Hours

THERMO FISHER OFFICE HOURS

WEDNESDAYS, 9AM-12PM

Since Thermo Fisher is our Platinum Sponsor, they have donated the majority of our equipment. We encourage you to meet Chase Anaya, Sr. Biosciences Account Manager from Thermo Fisher. He is here every Wednesday if you have any questions regarding reagents, protocols, or training.

EPPENDORF OFFICE HOURS

1ST THUR OF THE MONTH, 9AM-12PM

You'll find a wide range of Eppendorf equipment on site including centrifugation, a thermal cycler, and liquid handling. Eppendorf's territory manager, Mindy Bean, is an amazing resource for any lab needs you might have. You can find Mindy onsite every 1st Thursday of every month.

CRISPR LUNCH AND LEARN

COWORKS

OUR SPONSORS

CRISPR Lunch and Learn

On September 1st, Millipore Sigma was on site to cover a hot topic, CRISPR! The event was a tremendous success. If you missed it, don't worry- we've got you covered! Email psoto@biolabs.io for the slide show presentation. With that being said, our team would like to thank you. We understand that your research is important and we appreciate every time you're able to join us for an event!

Switching for the Better!

BioLabs will be switching to a new reservation system, Coworks. This app will save us so much time! With Coworks, you'll be able to quickly and easily do everything you need to do to get the most out of your experience at BioLabs. Find and reserve available rooms and equipment directly on your phone. Also, new members can join the app while they are sitting with us at orientation, making this a smooth transition.

Sponsors at Pegasus Park

BioLabs works with sponsors from different sectors of the life science community. This diversity supports BioLab's overall mission of providing the best services and network for resident companies. Email any of our staff members for sales rep contact information.

LYDA HILL®
PHILANTHROPIES

Lyda Hill Philanthropies, our founding partner, is an organization committed to funding transformational advances in science and nature. Because Miss Hill has a fervent belief that "science is the answer" to the majority of life's most challenging issues, she has chosen to donate the entirety of her estate to philanthropy and scientific research. BioLabs, in partnership with Lyda Hill Philanthropies, repurposed a former Exxon Mobil warehouse, into a state-of-the-art laboratory and office facility. BioLabs offers personalized, talent-driven services and cost-effective month-to-month leases for entrepreneurs in established and emerging biotech clusters.
